

"Golfing for Hearts" is an annual golf tournament with the purpose of supporting families and children hospitalized for congenital heart defects.

Bryan and Latita Fisher founded "Golfing for Hearts" after their son underwent open heart surgery to correct a congenital heart defect in 2006. While they were truly touched by the outpouring of support for their son, they were equally saddened to see that other families were not so fortunate. Because of that, they formed an organization that supports families at the Heart Center at Nationwide Children's Hospital with daily needs such as lodging, food, and transportation. Nationwide Children's Hospital has acknowledged this event and given its Seal of Approval! Golfing for Hearts is a registered 501(c)3 foundation.

Since 2007, "Golfing for Hearts" has raised more than \$15,000 to assist families of children born with congenital heart defects.

The goal for this year is to raise \$10,000. All funds raised will be given to Nationwide Children's Hospital during the awards banquet.

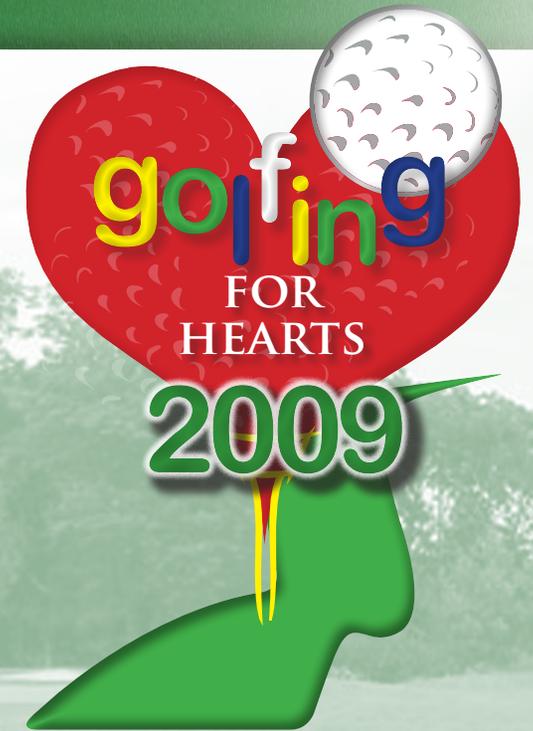

Please help Golfing for Hearts "put its heart" into families and children with congenital heart defects in Columbus by supporting this exciting and worthy cause.
